Programs and services to support patients and optimize outcomes

INVIVA and Infusion Clinics

We are a national patient care and treatment network, focusing on drug injection and infusion services. With close to 90 centres across Canada, INVIVA provides compassionate, professional, comfortable, convenient and safe access to your medications administered in a community setting or in the comfort of your home.

Supporting patients in a community setting

- Drug injection and infusion services
- Education programs
- Self-injection training services
- Monitoring and complementary therapies
- Flexible scheduling
- More than 300 registered nurses and 50 coordination support staff
- Network of medical doctor supervision

Regulatory Compliance

- Dispensing, shipping and storage
- Training on pharmacy + *Food & Drugs Act* regulations
- Record-keeping and communication confidentiality
- Accreditation Canada (April 2018)

Benefits

- Support manufacturers' therapies for diseases such as Crohn's, UC, RA, multiple sclerosis, Alzheimer's, new biosimilar and biologic therapies, oncology patient support, and much more.
- Ensure patients' access to your therapies in a timely, efficient and safe manner.
- Offer patient-centric care focused on the proper use of your medications.
- Be part of the movement encouraging community-based care.
- Enjoy integrated solutions for greater system sustainability.
- Provide end-to-end solutions and support for patients undergoing complex therapies.

Patient focus
Quality of care
Better health
