
McKesson Internship – Frequently Asked Questions

Have a question about McKesson's internship program in Canada? Check below for answers to FAQs!

- **Are internship opportunities with McKesson paid?** Yes, all of our work opportunities for students are compensated.
- **Is relocation available? Is housing provided?** Right now, there is no relocation assistance provided with internship opportunities, and students are responsible for securing their own housing.
- **Is remote work available?** Internships will have a designated office location, and students will be expected to be in the office a few days a week. However, most teams at McKesson offer flexible work arrangements that allow for working from home a few days each week. During the COVID-19 pandemic, all non-essential employees are mandatory work from home, which included our 2020 interns. We will continue to monitor for 2021 and update students as needed.
- **What does the application and interview process look like?** The first step in the process is to apply online. A recruiter will contact you for a first round interview. If selected for a second round, you will likely have either a phone or video interview with the hiring manager.
- **Do you offer internships or co-ops during the school year?** Yes, positions may be available during the spring, summer, or fall.
- **How long is the internship? When does the summer internship begin?** Our summer internship starts at the very beginning of June and runs through mid-August. It is typically a 10-12 week program. Our spring and fall positions run concurrent with the academic semester, typically about 16 weeks.
- **I recently graduated and am looking for a job. Am I eligible for an internship at McKesson?** McKesson internships are offered to students who are still enrolled in an Undergraduate or Graduate degree program. Please reference our [Careers page](#) for available full-time positions.
- **I need an internship for class credit, will a McKesson internship qualify?** Yes, if your degree program requires you to complete an internship for class credit, we can work with students to fill out necessary forms and make sure our program fits the requirements of your program.
- **Do you offer full-time rotational programs?** We do not offer a rotational program. Please reference our [Careers page](#) for available full-time positions.
