**Delivery**

Extensive pathways to reach your patients

**Care**

Programs and services to support patients and optimize outcomes

**McKesson Specialty Health**

We have the expertise, technology and resources required to help manufacturers develop support programs that result in a positive experience for patients and providers. Working with health care stakeholders, we help patients gain expedited access to drugs, optimize their adherence and ensure successful outcomes.

**Access and Care**

As part of the services offered through patient assistance programs, we navigate the complex world of regulators, payers (private and public) and prescribers to improve patient's access to medications.

We help expedite the time it takes for patients to receive commercial drug product and this includes and provides easy access to solutions for drug injection / infusion through our national INVIVA clinics.

- Program solutions optimizing individual patient drug adherence
- Close work with provider networks to augment and optimize patient support
- Better patient outcomes and drug persistence

**Technology and Insights**

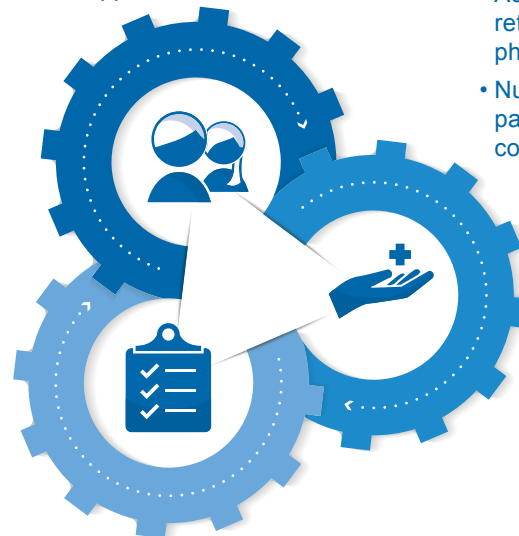

We have invested in the technology required to offer user-friendly portals, adaptable and integrated digital platforms, real-time data reporting and insights.

- Innovative online tools aimed at improving the experience for patients and physicians
- HealthPoint digital support platform fully integrated throughout the patient's treatment
- IntelliPay financial support program helps patients access their medication
- Pulse reporting tool, offering real-time data reporting and insights that validate your strategy

**Optimal Outcomes**

Our Patient Care Team provides support at every stage of the process, from enrolment, to reimbursement and medication adherence within multiple disease states and therapeutic areas.

- Tailored patient support programs
- Reimbursement assistance and navigation
- Patient adherence and follow-up
- Access to medications through either a broad retail pharmacy network or a more closed pharmacy network
- Nurse-assisted drug infusion, injection and patient education are available across the country at our best-in-class INVIVA clinics
