

Your path to success

Get the largest customer reach and customized health care solutions to meet your needs.

Intelligence

Strategy and data analytics to build and enhance market penetration

Delivery

Extensive pathways to reach your patients

Care

Programs and services to support patients and optimize outcomes

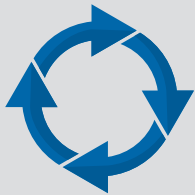

Pharmacy Services and Training

We support pharmacists in developing their business via technology solutions, clinical programs and training opportunities. Our pharmacy services team provides individualized guidance on professional practice, regulatory changes and operational support. We also develop time-saving operational tools, programs and workshops to support the implementation of disease management programs with revenue building opportunities.

Business Solutions

- Pricing strategy support to maximize pharmacy profitability
- Medication synchronization to help streamline workflow and improve patient adherence to therapy

Professional Practice Support

- Individualized support
- Professional practice tools
- Operational workflow assessment

Disease Management Programs

- Programs designed to optimize professional services to promote better outcome for patients
- Training for pharmacists and their teams to help build patient loyalty.

Benefits

Pharmacy support
Expanded business
Increased revenues
